Your membership

When you become a member of Playgroup Queensland you get access to the three areas of playgroup membership; playgroup, resources and member benefits. Through these three support areas we strive to connect with our members.

You can choose what you access and when you access it. You may choose to just access member benefits or resources; other members may choose to access all three support areas. Your membership isn't just about insurance and access to playgroups, it is about supporting, educating and engaging with you and your children on your early years' parental journey. This booklet outlines what you receive in your membership package and expands on the three membership support areas.

Playgroups

The first support area of Playgroup Queensland membership is entry into all affiliated playgroups across Queensland and interstate.

Access

As a member you can choose from over 1000 playgroups across Queensland, connect with other parents/carers, and access tools designed to help you as your child's first teacher. You can attend as many playgroups as you like (each playgroup is subject to availability). You can also visit two playgroups before you sign up with us to ensure you choose the one that suits your family.

Find a Playgroup search tool

Our easy-to-use playgroup search tool allows you to find and view playgroups near you. This interactive web tool also gives you a quick insight into what each group offers (e.g., suitable for babies, has regular excursions, suitable for children/parents with disabilities, etc.). You can then contact the group and begin your playgroup journey.

Insurance

Have peace of mind in knowing you and the families attending your playgroup are covered by comprehensive insurance when your playgroup is in session. But, please remember, to ensure your insurance remains valid, all families who attend must be current members of Playgroup Queensland.
